JOINING SLOW FOOD SHOALHAVEN

Thank you for your interest in Slow Food. Most of our local activities and events are possible due to our own fundraising efforts. Your membership money will help support projects that defend food diversity and foster greater food choices. Almost 50% of membership revenue supports Slow Food's international projects and programs and 20% supports the work of our local Shoalhaven community. The balance is used by Slow Food Australia to fund the development of national projects and events.

You can join as an individual or as joint (couple) members, and there's a special rate for people under 35 or over 65. You can also take advantage of the Sustainer membership, where your extra contribution goes directly to education and projects across the world.
